APPENDIX

This is a short story about Hungry Wolf

once upon a time, a wolf was very hungry. It looked for food here and there. But it couldn't get any. At last it found a loaf of bread and piece of meat in the hole of a tree.

The hungry wolf squeezed into the hole. It ate all the food. It was a woodcutter's lunch. He was on his way back to the tree to have lunch. But he saw there was no food in the hole, instead, a wolf.

On seeing the woodcutter, the wolf tried to get out of the hole. But it couldn't. its tummy was swollen.

The woodcutter caught the wolf and gave it nice beatings.
