ABSTRACT

Missa Orni Anita, 2021, Thesis “the value of *lopo* of *meto* traditional house at tapenpah village.” Thesis English Study Program, Timor Unversity. Advesiors (1) Drs Anselmus Sahan, M.Pd(2) Febronia Lasi, S.Pd M.Ed. The

This study is entitled the value of *lopo* of *meto* traditional house at Tapenpah village. The objective of the study to answer the two problems such as: fistly: what are the value of *lopo* at TapenpahVillage? Secondly: what are the symbol of *lopo* at TapenpahVillage.

The method used in this study is descriptive method. To obtain the data needed, the write goes down to field research and heaving recording, interview, and documentation.

Research Design this method isused to analyze data that is from of presentation and describes the real fact to into sentence.

about the Value of *Lopo* of *meto* traditional house atTapenpahVillage to get the good information, the writer must be able to get the best informant that giving about the legend.

Instrument is the important element that used by the writer to get the data in this study, the writer used interview method and tape recorder to collect the data from the informant, in the interview point that the writer asks some questions about the value of *Lopo* . to get the pure information.

Procedures used by the writer to collect the data are as follows:

1. Library Research

In library research is the writer learn some books and materials in the library to develop her knowledge to finishing this thesis.

2. Field Research

The writer prepared some questions to interview the informants to get the data about Symbols of *Lopo* . This procedure is used by the writer to prepare at least of questioner to interview the informant to get the data about value of *Lopo*.

After the writer get the data, the writer uses the method description to analyze the data. The method is qualitative method and it is used to describe of value of *lopo*. The next steps are follows:

Transcription

Transforming oral literature, in this study into written literature. In this study by describing the original text value of *lopo*.

Analysis

In analysis the data, the writer collects the data from the cassette after that the writer analyzing of symbols of *lopo*.

The result of the data analyzing show that the symbol and the most dominant which influence of *lopo* there are to understand and can be captured by the human sense of symbol which characteristics are own inpression, so that are not direct and natural and must be learned.

After discussing the value of *lopo* suggest that: the write hopes that for who which will read this research, they can understand about symbol the write hopes that from this research. This study is very interesting. The write is a well are that although the descriptions of this study in still from the perfect and simple, but it can make the wraiter feel satisfied as her own writing. This thesis is not perfect, so the writer hopes same critic and suggestion that can help the witer make this thesis.

Key Words: Value, *Lopo*, *Meto*
